	The area of the site is 5.43 hectares
3.2	Is the site an "extensive tract of land"? <i>(Extensive tracts of land cannot be designated as Local Green Space) e.g. how large is it in comparison to other fields; groups of fields; areas of land in the vicinity etc.? Does the site "feel" extensive or more local in scale?</i>

	<p>The site definitely has “local character”. This field has existed in this form since at least the 16th century. It is a grass meadow and is grazed by local cattle and horses. It has not been ploughed in living memory. Visually it is part of one of the favourite village walks as people can look across the Park to the church, Manor House and old water mill.</p>
4	Need for Local Green Space
4.1	<p>Is there a need for a local green space in this location? <i>e.g. is there a shortage of accessible greenspace in the area? Is there a village needs survey or parish plan that provides evidence of that need. Further information – Natural England (Accessible Natural Greenspace Standard)</i></p>
	<p>This site is not generally accessible to the public, being private grazed farmland. It has been used in the past for special events when it was opened to the public. The site gives an open aspect to the village from the south to the ancient Manor House, the Church and the old Mill House. It contributes to the open feel and rural nature of the village.</p>

5.2	<p>Are there any barriers to the local community accessing the site from their homes? <i>e.g. railway line; main road</i> <i>Possible evidence – a map to show any potential barriers and how those can be overcome.</i></p>
	<p>The site is surrounded by Park Walk and Bridge St which are both public highways and feed back in the village. The site can be viewed from both of these roads.</p>
6	Evidence to show that the green area is “demonstrably special to a local community”
6.1	<p>Evidence of support from Parish or Town Council <i>e.g. letter of support; Council minutes</i></p>
	<p>This site has been designated an important open space since the Local Plan was adopted in 1996 (policy EN20). This was supported by the Parish Council and the District Council.</p>
6.2	<p>Evidence of support from other local community groups or individuals. <i>e.g. letters of support; petitions; surveys etc.</i></p>
	<p>The Neighbourhood Plan questionnaire suggested this site and this was supported by 95% of those that responded.</p>

Park Walk forms part of a popular circular walk round Brigstock used by villagers of all ages. It is unusual to have such a large open space near the centre of a village.
7.3	Site visibility <i>e.g. is it easy to see the site from a public place? Are there long-distance views of the site? Are there views of the site from any key locations?</i>

	At one time the Park formed part of the Manor gardens and there is evidence of previous settlement on the site including what could be old fishponds. There are a number of ancient trees, mainly horse chestnuts. The site once had a stone wall enclosing it and there are the remains of this at various points.

The north site has Harpers Brook as a boundary. It is also adjacent to the back gardens of several large properties to the north side. The site is extremely tranquil as it is used for grazing horses and cattle and is not cultivated.
10.3	Is the site within a recognised tranquil area? <i>e.g. within the Campaign to Protect Rural England’s tranquillity maps</i> No

12.	Is this criteria relevant to this site?
	NO

APPENDIX 1: MODEL NEIGHBOURHOOD PLAN POLICY AND SUPPORTING TEXT

Draft Supporting Text

National policy makes provision for local communities to identify green areas of particular importance to those communities, where development will not be permitted except in very special circumstances. The following sites have been designated as Local Green Spaces through the Neighbourhood Plan consultation process:

Policy B11: Local Green Spaces

The following sites have been designated as Local Green Spaces:

The Meadow

The Park

Rectory paddock and allotments

Benefield Road allotments

Development that would harm the openness or special character of a Local Green Space (as designated on the Policies Map) or its significance and value to the local community will not be permitted unless there are very special circumstances which outweigh the harm to the Local Green Space.
